

1

The roof canopy always stays taut

2

The Neptunus raised cassette floor ensures a stable and robust base

3

Smart pagoda design

The Product

The Mars is a stylish rectangular pagoda with a clear span aluminium framework and peaked roof. This structure can be linked to other Neptunus structures in the planets range with the same wall height.

Design

The Mars comes as standard with a white opaque roof canopy (non-permeable to light) 80% and sliding PVC sidewall panels, one wall featuring a window. Transparent roof skins are also available and the Mars is equipped with a raised Neptunus cassette floor as standard.

Features

The Mars is available in two sizes:

- 3 x 6 meters (18 m²)
- 4 x 8 meters (32 m²)

The sidewall height remains the same for both dimensions at 2.5 metres.

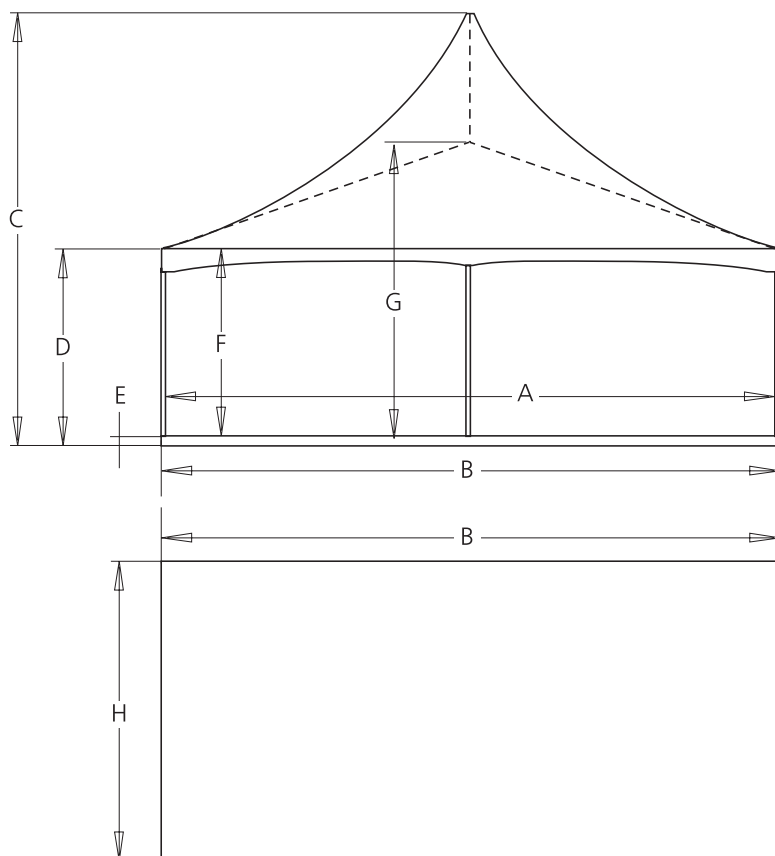

Application

The versatile Mars structures are ideal for use at country fairs, culinary events, exhibitions, weddings and parties.
